CAREER OBJECTIVE -

Dedicated and skilled Front-end Developer (MERN). Proficient in leveraging the full potential of JavaScript-based technologies and libraries to create robust and scalable solutions. Committed to delivering high-quality solutions that prioritize user satisfaction and technical excellence, looking for an opportunity to start my career.

SKILLS-

Technical Skills	HTML, CSS, JavaScript, ReactJS, MaterialUI, Tailwind, REST API, CRUD, NodeJS, Express JS,
Other Skills	Familiarity with back-end technologies, Version Control (Git)
Languages	English, Hindi

EXPERIENCE-

React JS Developer Intern (Shyena Tech Yarn Gen. AI)   [May2024-Aug2024]

- Refactored application code by replacing Context API with Redux for state management, improving scalability and maintainability.
- Built interactive and responsive Graphs and Pie Charts to simplify analysis using MaterialUI, ShadCN, React-suite libraries.
- Worked on Intelliconvo.io, processing and analyzing 100% of recorded customer conversations.

Front-end Developer Intern (Scalefull Technology)   [Nov2023-March2024]

- Developed interactive dashboard components using JavaScript and integrated backend APIs for our client, Axis Bank.
- Built and validated forms using Formik and Yup for bank applications.

PROJECTS-

- **IPC to Bhartiya Nyay Samhita Manipulator** - Conceptualized, Designed and Developed a tool to convert sections of the Indian Penal Code to the Bharatiya Nyaya Sanhita, streamlining legal reference for professionals. REACT JS, HTML,CSS, TailwindCSS.
- **Restaurant Seat Reservation Application** - Designed a user-friendly interface with React for seamless navigation, and integrated Node.js and Express to handle server-side logic and API requests.
- **Gym Membership Application** - Created a fully responsive gym application using Pure CSS, React, Node.js, and Express. Implemented Nodemailer for email notifications and included a BMI calculator for fitness tracking.
- **Portfolio Website** - MERN website used Redux Toolkit, TailwindCSS, ReactJS, NodeJs, Express, MongoDB. Its a minimalistic website.

INTERESTS

- Collaborating with individuals possessing diverse expertise in technology.
- Mobile App Development (React Native).
- Artificial Intelligence.
